

Graduate Research Assistantship (M.S./Ph.D.) Available in Agricultural/Biological Engineering

Position Description

Mississippi State University is inviting applications for a M.S./Ph.D. Graduate Research Assistantship (GRA) in the Department of Agricultural and Biological Engineering (<https://www.abi.msstate.edu/>). The GRA includes stipends, tuition and insurance, and the anticipated start date is Fall 2021 (negotiable). The successful candidate will work, under the supervision of Dr. Yuzhen Lu, on original research broadly within the field of non-destructive sensing, data analytics and automation for agriculture-food systems. Potential research topics include but are not limited to spectroscopy and imaging, inspection and sorting of agricultural and food products, computer vision, machine learning and robotics for plant phenotyping and precision management, and artificial intelligence (AI) and internet of things (IoT) in plant/animal production. The successful candidate needs to be creative, self-motivated and has a strong desire to learn new skills and collaborate in a multidisciplinary environment.

Qualifications Sought

- Students must earn a B.S. or M.S. degree in Agricultural/Biological/Food Engineering, Electrical Engineering, Computer Science/Engineering, Mechatronics, Optics, Mathematics, or other related fields, with a 3.0 or higher GPA
- Students should have demonstrated excellence in English writing and communication skills
- Students with non-English credentials must obtain a TOEFL score of 79 iBT or IELTS score of 6.5 or higher (GRE may be waived)
- Students proficient in computer programming (e.g., Python, C++/C, Matlab, Qt), computer vision or image analysis, machine learning (e.g., Keras, TensorFlow) or multivariate modeling, with demonstrated research abilities, are encouraged to apply

Application Procedures

Please contact Dr. Yuzhen Lu (email: yzlu@abi.msstate.edu; website: yuzhenlu.com), if you are interested in or have any questions regarding this position. A full application for an official offer to be made should include a cover letter describing the applicant's research interest, a CV, transcripts, test score(s), writing examples, and a list of three references including names, email, address and telephone number. Review of applications will begin immediately and continue until the position is filled. Video conference interviews will be requested for potential candidates. Successful applicants will need to apply to the Graduate School of Mississippi State University. **The application deadline for 2021 fall enrollment is May 1 (international) or August 1 (domestic).**

Please visit the website <https://www.grad.msstate.edu/students/admissions> for application details.

Mississippi State University (www.msstate.edu) is a public, Land-Grant, Sea-Grant research university founded in 1878, adjacent to Starkville, Mississippi. At Mississippi State University, we believe in getting personal. Our university provides the academic, leadership, and social opportunities to help each person excel. Your success—in whatever field of study or career goal—is our success. We take that mission seriously. Here, faculty, staff and students share a common goal: to make the Mississippi State University experience a lifetime opportunity.
